

Tessa Goh

Experience

OCBC Bank, Oversea-Chinese Banking Corporation Limited

Apr 25 — Present • Assistant Vice President, UI/UX Designer

Jun 23 — Apr 25 • Manager, UI/UX Designer

- Redesign and streamline internal banking platforms across personal and corporate banking, improving day-to-day operational efficiency for regional teams.
- Lead design of an operations platform that replaces manual Excel and shared-inbox workflows for teams in Singapore and Malaysia; scaled coverage from 2 to 7 transaction types since launch.
- Lead remote, cross-functional design collaboration across Singapore, Malaysia and China on the redesign of a core banking module used by international branches.
- Contribute to an enterprise design system spanning 3 (soon 4) internal platforms.
- Onboard and mentor rotating graduate associates (3 to date), 1 of whom later joined the team permanently.
- Author and maintain design documentation that keeps product lines visually and functionally consistent.

DSTA, Defence Science and Technology Agency

Jan 22 — Mar 22 • Senior UX Architect

Mar 20 — Jan 22 • UX Architect

- Owned design of multiple modules in a military operations platform through two major product launches.
- Collaborated within a 20+ person cross-functional team of engineers, product managers and military stakeholders.
- Conducted user interviews, field studies, contextual inquiries and workshops with army personnel to surface key design opportunities.
- Led usability testing to drive iteration.
- Redesigned workflows, cutting processing time by ~90%.
- Improved the usability rating by 13.6% following a UX overhaul.

Global Data Innovation Center, Dentsu Aegis Network

May 18 — Aug 18 • UI/UX Intern

- Collaborated with product management and engineering to define the design vision for an AI-powered marketing-insights application.
- Created user-flow diagrams, information architecture and wireframes.

Miscellaneous

Singapore Fintech Festival 2024 — OCBC Pop-up Gift Redemption

2024 • Lead Designer

- Led design of a public-facing gift-redemption web app for OCBC's festival pop-up — facilitating stakeholder sessions to define requirements and flows, with a designer and engineering interns shipping it for live public use.

BrainHack 2020 (SpaceCube), DSTA

Jan 21 — Mar 21 • Co-facilitator

- Co-planned and facilitated a virtual training curriculum introducing app design and development fundamentals to pre-tertiary students.
